BOY SCOUTS START RELAY RUN TUESDAY

Il Carry Message From the President, at White House. to Mayor of Chicago.

"A test of fitnes of Boy Scouts for tant emergency work' is the characterization of the relay race from Washington to Chicago by officials of the organisation here. The start of the big relay race will be made next Tues-day noon from the White House. The boys will carry a massage from President Wilson to Mayor Harrison, of Chicage, on receipt of which he will open the big Pre-Clympic Athletic Carnival in the "Windy City."

Preliminary choice of the boys who are to carry the measage from President Wilson as far as Frederick was made yesterday by Scout Commission-er E. S. Martin, at headquarters in the Municipal building. About thirtyfive were chosen. These do not in-clude a number who, it is known, will take part in the relay. A number of others will also be selected. The num ber of applications from different troops in the city exceeded 100. All of these were not able to attend the meeting

Half-Mile Relay Probable. It was intended originally to make the different "legs" of the race one mile length. The number of applications and the interest shown by the boys however, made it probable that the boys will be required to run only half mile each. This will not only make exertion slighter for each boy, but will permit making quicker time in the relay. The course which has been choson for the first part of the trip follows Leave the White House by the north door, pass up Jackson place, into Connecticut avenue, over the Cor evenue bridge and to the Chevy Chase Club. When the first runner leaves an automobile with other members of the relay teams will proceed at once to the end of the first stage, post the secpnd runner and await the arrival of first. This boy will be picked up by the automobile, which will then proceed to the third stage, post a runner and on the arrval of the second, pick him up and proceed again.

Bryan Will Witness Start. Runners from 17 to 34 will proceed Rockville, and the scheme carried out similar to that of the first part of the distance from Washington. The boys will wear regulation running costume, with broad Boy Scout sashes. In the automobiles they will be provided with thick clothing so as not to take cold after the run. Every boy will be given physical examination before beng permitted to take part in the race. At least four members of the Cab-met, including Secretary of State Bryan, the president of the National Council of Boy Scouts of America, and Ernest Thompson Seton, chief scout, will be present at the start of the re-

Actor-Evangelist Meets Old Pardner

Robert Downing, twenty years ago a star actor and now an active evangelist. stood on the corner of Seventh street and Louisiana avenue last evening preaching to the motley throng which gathers to hear an open-air evangelist. Involuntarily Mr. Downing compared the fewness of those listening to him to the numbers who heard his voice when he played Hank Monk in "Tally-ho," "Will any man here," asked the preacher, "promise to live a Christian

ife, a life such as he conceives that of a Christian to be, for just one month?" Dr. Muller Honored There was an instant's pause, and then a man stepped forward. "Well, Hank Monk," said this man, "for old time's sake I'll make the prom-

ise."
The Rev. Mr. Downing gazed hard at the other, and then cried out:
"Sailor Bill! How are you?"
"Sailor Bill" was the name of another character in "Taily-ho," and the man who had played this role when Mr. Downing was Hank Monk stood before him, Jay Wirt Kail by name.

For hours after the service concluded the two old actors talked over bygone
